# Sequence Referral Program Rules

Thank you for helping to grow our community. From time to time, Sequence, its subsidiaries and affiliates ("Sequence") may invite you to participate in one of their referral programs to encourage people to use the Sequence application and/or websites. Participating in a referral program (either by referring your friends or family or signing up with a referral link or code) can be a great way for users (collectively "Sequence users") to earn extra incentives or money (each a "Referral Reward").

Sequence Referral Program Rules (the "Rules") apply to referral programs that are administered solely by Sequence. By accepting and sharing your referral link or code or by signing up with a referral link or code, you are agreeing to be bound by these Rules. Any violation of these Rules will not only prevent you from participating in any Sequence referral program (now or in the future), but could also result in the forfeiture or retraction of Sequence credits, money, or other rewards earned through the program and even the closure of your account.

Please note that these Rules are in addition to the [Terms of Service](#) as updated from time to time governing your use of Sequence, [Sequence Privacy Policy](#), as well as any agreement (if one exists) between you and Sequence or any of its subsidiaries and affiliates related to your interactions with Sequence.

## 1. Who is eligible to be a referrer/inviter?

Anyone may be a referrer/inviter who (a) is a legal resident of his/her country, (b) is of legal age where they live, and (c) has a Sequence account that has been open for 35 days and is not closed or restricted. Referrers/inviters can be any type of Sequence user; however, they cannot have more than one account.

## 2. Who is eligible to be a referee/invitee?

Your friends, family, and other people you know (but not yourself) may be eligible to be referees/invitees. To determine eligibility, keep in mind the following stipulations:

To receive a Referral Reward for referring someone your referee/invitee must

- (a) be a new Sequence user
- (b) successfully open a Sequence account

- (c) maintain a Sequence account for 35 days
- (d) complete 5 external transfers within 35 days of account opening

If you are providing Sequence with the contact information for your referees/invitees, you represent that you have the right to provide that information.

### **3. How can I use my referral link or code?**

Sequence has the right to limit the number of times you may use or share your referral link or code based on the referral program in which you participate. To see if your link or code has a limit, refer to the terms of the specific referral program in which you are participating.

Sequence wants you to share your referral link or code and earn Referral Rewards, but referral links or codes must be used only for personal and non-commercial purposes. This means that you can share your referral link or code only with people you know. You agree that you will not:

1. Duplicate, sell, or transfer your referral link or code in any manner or make it available to the general public (such as by printing it on business cards; posting it on a coupon website, job website or using it as part of a job application, including but not limited to the following website and applications Amazon, EBay, Fiverr, Craigslist, RetailMeNot, Reddit, Wikipedia, Gumtree, Moneysavingexpert, Groupon or using paid social media or paid search);
2. Try to get referees/invitees by spamming, bulk emailing, or sending large numbers of unsolicited emails. The only people you should be emailing are people you know personally;
3. Use, display, or manipulate Sequence intellectual property (such as Sequence's logos, trademarks, and copyright-protected works) in any way, except as to identify yourself as an Sequence user, Sequence referrer/inviter, or referrer/inviter for Sequence;
4. Create or register any (i) businesses, (ii) URLs, (iii) domain names, (iv) software application names or titles, or (v) social media handles or profiles that include the word "Sequence" or any of Sequence other trademarks or any words that are confusingly similar to Sequence's trademarks.
5. Use Sequence's trademarks as your social media profile picture or wallpaper or use any of Sequence's copyright-protected works (such as graphics, photos, images, drawings, and screenshots from Sequence's website or app) without Sequence's express written permission;

6. Purchase keywords (including, but not limited to Google AdWords) that contain any of Sequence's trademarks;
7. Use automated systems or bots through any channel to distribute, post, or otherwise share your referral link or code;
8. Use scripts or programmed or automatic dialers to send invites or otherwise share your referral link or code;
9. Make misleading claims about Sequence, use offensive/abusive content, create fake websites/webpages/social media profiles/apps, misrepresent your connection to Sequence, or otherwise make any false or misleading statements to get a referee/invitee to use your link or code; or
10. Use your referral link or code in any manner that violates the law or the rights of anyone else.

Remember, when you share your referral link or code, you should explain that you are a Sequence referrer.

#### **4. How do I earn my Referral Reward as a referrer/inviter?**

As long as you and your referee/invitee follow these Rules, the Terms of Use governing your use of Sequence's apps, the Specific Rewards Terms and you have an activated account to receive the reward, you should receive your Referral Reward 30 days after your referee/invitee uses your link or code to create a Sequence account and/or to activate the referral offer, and complete the requirements for the particular Referral Reward. *Unless stated otherwise on the referral offer or the Specific Rewards Terms, all referral invitations will expire 90 days from send date and all Referral Rewards will expire 90 days from the date your invitee activates the referral offer by using your referral link or code.*

Sequence reserves the right to set a limit on the number of times you may use your referral link or code. The requirements for receiving, and the amounts of, Referral Rewards are subject to change at Sequence's sole discretion.

#### **5. Termination and changes**

Sequence reserves the right to change, end, or pause, in whole or in part, any referral program, as well as any referrer/inviter's or referee/invitee's ability to participate in any referral program or receive Referral Rewards at any time for any reason, including suspected fraud (including by either the referrer and/or referee/invitee), abuse, or any violation of these Rules as well as any agreement (if one exists) between you and

Sequence or any of its subsidiaries and affiliates. In accordance with applicable laws, if Sequence ends any referral program, any unused or unredeemed Referral Rewards may be forfeited at that time, provided we give you 14 days of notice to use or redeem your Referral Rewards.

Sequence may update these Rules at any time. If Sequence makes an update, Sequence will post the update on the [getsequence.io](https://getsequence.io) website and applications and provide you notice of the update. Continued participation in any referral program after any update will mean that you have agreed to the update.
